

PRESS RELEASE!!

Pan Trinbago once again has demonstrated its resilience and flexibility in bringing to the forefront cutting edge Pan Jazz to Tobago! What started off as a fringe event to the Plymouth festival has now exploded into a main event fixture on Tobago's jazz season calendar.

In its third year, this event is attracting ever-increasing music devotees who sit back and take in the mesmerizing sounds of sheer musical excellence.

2008 held two nights of both local talent mixed with international artistes from London, Copenhagen, Illinois and Chicago. The two-day event was again a roller coaster ride of Pan and Jazz excellence and innovation blended with the likes of 'Kalabash' jazz fusion from Toronto which added a new dimension to the programme's magical music mix.

Pan Jazz in de Yard 2009 will be an even greater improvement upon its already outstanding predecessors, with a fantastic line up of world acclaimed overseas Jazz and Pan artists, including Andy Narrell from the U.S., Rudy Smith from Copenhagen as well as greats like Liam Teague, Len Boogsie Sharp and much much more.

The two night festival which runs on the 22nd and 23rd of April 2009 is undoubtedly destined to be another runaway success all over again.

The beauty of the event stems from its grass roots foundation with Pan Trinbago providing a basis for local talent to mix with international artistes all with some connection to the Caribbean and Pan!

The development of this fusion of both local and international artistes is providing a full-on experience of Pan and Jazz brilliance with a cornucopia of sounds, incredible musical improvisations and blends that will wow the most avid Pan enthusiasts as much as the contemporary jazz and all round music lovers.

The organisers (Bon Marketing Business Solutions) along with Pan Trinbago expect 2009 to shatter all expectations and guarantees two evenings of beautiful Pan jazz in Tobago with the usual Tobago hospitality food, fun and fare. You can picture and feel the ambiance and buzz as the open air Pan Theatre sets the stage once again for one and only **Pan Jazz in de Yard 2009!** Don't miss it!!
